

Cathedral and Deutzer Bridge | Cologne

German for juniors | Standard Courses 20

did deutsch-institut Cologne

You think, it'll last for ever to speak German fluently? You're right! But we promise: It'll be faster than building a cathedral... It took exactly 632 years until Germany's most famous sightseeing attraction was completed – the Cologne Cathedral. And what kind of attraction it is! It stands 157 meters high and can accommodate up to 20.000 people. It would cost 10 billion Euro to build this cathedral today. The cathedral is the city's symbol and it is a symbol for a joy of living, too. Everywhere around the cathedral there are little alleys with restaurants, cafes and pubs. And if you like to cool your feet in the river Rhine in the summertime – the cathedral's large towers will protect you from getting sunburned.
