German for juniors | Residence Courses

did deutsch-institut Höchst im Odenwald

It is hard to pronounce the name *Höchst*. And this little town is always confused with the part of Frankfurt/Main which has the same name and which is famous for its pharmaceutical industries. Höchst im Odenwald, however, has nothing at all in common with a big city. In the opposite: This small town with only 10.000 residents is located in the middle of the Odenwald, a medium-size mountain range near Frankfurt, and it is surrounded by vast forests, pretty farms in the typical half-timbered style and medieval castles. And still – summertime is *high life* at Höchst, when kids and teens from over 60 countries get together at a former cloister to study German, to discover Germany with us, and to make many friends from all over the world.
