LEARN IN THE RIGHT COURSE.

Our teaching concept is based on the “**Common European Framework of References for Languages**” (CEFR). You will be able to learn German on six different levels (A1 – C2). **Each level** consists of **2 stages**.

Each single stage is a 4 week intensive course, within which you learn every aspect of language: grammar, vocabulary, listening and reading, oral expression and writing. Our classes can be booked for only 1 month or up to 12 months in a row. Before you begin your course, we will carry out a level test, so you will start learning German on the right course for you.
